

Galvanized stainless steel wire reel : 0,88 mm

SKU: FD171X

Use:

Assembly in addition to plastic or lead seals and crimping with sealing plier

Typology:

Beaded wire

Field of application:

Bank and cash transport,
Energy sources and fluids,
Food industry,
Chemical and Pharmaceutical Industry,
Medical,
Metrology and weighting,
Recycling,
Security and defence,
Fire safety,
Transport and Logistics

Material:

Galvanized steel

Packaging:

250, 500 or 1000 g plastic spool

ADDITIONAL INFORMATION

Rod nature:

Beaded

Coil rod diameter:

0,84 mm

Diameter of cores and turns:

Core : 0,28 mm - Turn : 0,28 mm

Durability:

2.4 kg (24 N)

Colours:

Steel grey
